

# Julie Roberts, Rain On A Tin Roof

His eyes are blue just like the ocean  
His heart is a river free  
And now and then he gets the notion  
And he finds his way to me

Chorus:  
His love's like rain on a tin roof  
A sweet song of a summertime storm  
And oh, the way that it moves you  
It's a melody of passion ragin' on  
And then it's gone

He tells me he'll be back to see me  
Everytime he has to go  
And I keep wonderin' just when that'll be  
Cause with him ya never know

Repeat Chorus

And just like a thirsty field  
I can't complain a bit  
Cause I'm thankful for every single drop I get

Repeat Chorus x2

And then it's gone, then it's gone
