

Julie Ruin, V.G.I.

i'm not a genius, i'm more like a genie
granting girls wishes from my stonecold bikini yeah
sewing up ideas like delicious kisses
i'll play with your mind but i won't do your dishes boy
say it again

chorus: v.g.i. (my philosophy)
v.g.i. (is i'm a masterpiece)
v.g.i. (i wear a scrunchie)
v.g.i. (i'll say it again)

i say, i say, an intellectual genie
i'm making bullshit disappear like i'm hou-fuckin-dini
turntables around with my smile bright and gleaming
you think ya take your order boy
you must be fucking dreaming

chorus

cuz i'm extra special and i'm burning bright
i'm a ufo blazing through your starry night
you try to shoot me down girl cuz
you just don't understand
that a woman like me can't be bound to one plan

chorus

i don't wanna say i want to,
and i don't wanna say i don't
sometimes the secret is
sometimes the secret is yes
yes yes yes

v.g.i. (i'm a philosopher)
v.g.i. (and i'm a masterpiece)
v.g.i. (i wear a scrunchie)
v.g.i. (i'll say it again)
