

# Julien-K, Dreamland

Just as my soul burns out  
Ashes fill my lungs  
Is there a way to doubt?  
Decisions made so young  
I'm the one who's blind (I'm the one who's blind)  
The problem this whole time  
Trying to find my way (Trying to find my way)  
Where do I go?  
What can I say?

Dreamland  
They're all in  
Dreamland  
They're all in  
Dreamland  
They're all in  
Dreamland

It's time  
We find  
A better way  
To deal  
With life  
It's time  
A better way  
To deal  
With life  
We find  
A better way  
To deal  
With pain

They're all in  
They're all in  
They're all in

Look at the way we turned out  
Our faces are so long  
Just like the day I found out  
Reasons I was wrong  
It's me inside screams  
Pushing the pain away  
Hiding inside this dream  
Who do I tell?  
What can I say?
