

Julien-K, This Machine

A shadow of myself, just who am I?
Scan horizons
A tragic mystery
You could've left me here
Sealed inside the pod
No one would ever know the chaos control
My true identity
The power that is me

We all danced in fire
Trapped in this machine
Don't know how long we've waited
As the eggman's watching
We all danced in fire
Looking through the screen
Don't know how long we've waited
As the eggman watches

With rouge in the fight electric lives
Change surroundings
A jewel in history
A treasure disappears as she goes
Miss her as you look away
And no one knows
This power is a key
This power changes me

We all danced in fire
Trapped in this machine
Don't know how long we've waited
As the eggman's watching
We all danced in fire
Looking through the screen
Don't know how long we've waited
As the eggman watches

Cha-cha-cha-cha-chaos control
Chaos control
Cha-cha-cha-cha-chaos control

E-123
You didn't know, now I'm gonna show you
The power that is me
You try to take me down
Stop the show
It seems you've never tasted fear
Or loss of control
This power lives in me
The power that is me

We all danced in fire
Trapped in this machine
Don't know how long we've waited
As the eggman's watching
We all danced in fire
Looking through the screen
Don't know how long we've waited
As the eggman watches
