

# July For Kings, Sundowning

I control the ships the sails  
the open gates in fairy-tales  
move through me inside it's free  
but I'll sell you things you didn't see  
I was stripped of teen-age skin  
in the silent sound of dust again  
I lost something in silver sky  
I'm not your only fucking star  
and I'm no more than who you are  
show me to a clearing  
reassemble all you've kept  
and the bones we burned you resurrect  
I'll show you what i'm fearing

Sundowning  
I don't need it back  
sundowning  
a new zodiac  
sundowning  
sundowning  
let the words ring

I control the ships the seas  
of fairy-tales and falsities  
of desert sand orion sky  
revealing light and starless nights  
of purity and father blame  
of memory and mother name  
it's all the same sometimes to me  
it's all the same I don't believe

That I'm your only fucking star  
I'm no more than who you are  
keep me from the feeling  
reassemble all you've kept  
and the bones I burned you resurrect  
don't you hate me when I'm kneeling?  
when I'm healing?

Sundowning  
I don't need it back  
sundowning  
a new zodiac  
sundowning  
sundowning  
let the words ring  
sundowning...
