

Jumbo, Far Out

In a corner of the night
I was holdin on, you were too far out
yeah I recognize something in your eyes,
but you could not say a word
not a single thing

so that's where we laid on the grass
watching the planes that were flyin by

In a corner of the night
I was holdin tight you were too far out
as we drove by speedin on so fast
I could see you, staring into the sky

so that's where we laid on the grass
watching the planes that were flyin by

in a corner of my mind
I was holdin on'you were too far out
you were too far out
you were too far out
but it's all right
so I tried

so that's where we laid on the grass
watching the planes that were flyin by
so that's where we laid on the grass
watching the planes that were flyin by
