

# Jump 5, Just A Dream(2)

When I look in your eyes,  
I see a whole different sky  
Like i never seen before  
Cuz you're just a dream

And when I hear your voice

Its like a song that, I can, listen, to-over and over  
again.

Its so crazy how you make me go crazy  
Everytime that I am near you

Cuz, you're just a dream  
This is my reality  
Totally insanity  
If I could be in your dream  
All I wanna do  
Is be with you, be with you  
You're just a dream

Just a dream

When I picture the world,  
It takes me to the sun  
I think about the way you smile  
And the words that you say  
Always seem to change the world I've been livin in

Its so crazy how you make me go, crazy  
Everytime that I am near you

Cuz, you're just a dream  
This is my reality  
Totally insanity  
If I could be in you're dream  
All I wanna do  
Is be with you be with you  
You're just a dream

You're just a dream, just a dream  
More than my imagination could ever see  
You're just a dream  
If I could be with you

You're just a dream  
This is my reality  
Totally insanity  
If I could be in you're dream  
All I wanna do  
Is be with you be with you

Cuz, you're just a dream  
This is my reality  
Totally insanity  
If I could be in you're dream  
All I wanna do Is be with you, be with you  
You're just a dream  
Oh oh oh you're just a dream.  
Just a dream
