

# Jump 5, Spinnin' Around

You keep me spinnin' around  
Round(7x, echo)

I was thinkin' bout yesterday  
I was thinkin' bout tomorrow  
In a dizzy kinda sorta way  
Like vertigo  
I've been tryin' hard to figure out  
But it's drivin' me crazy  
Well you'd think I'd know by now

A is last Z is first  
Livin' life in reverse 'cause that's the way it works

Spinnin' around I've got this funny feeling  
Turnin' my whole world upside-down  
I'll keep my heart, my eyes on you  
Cause you keep me spinnin around

What we're doin' doesn't have a sequel  
Don't wanna lose your balance  
Oh you know you gotta keep your equilibrium  
Goin' backwards to go forward  
All these definite maybes  
It's like runnin' around in circles

Make it last, take it slow  
Just forget what you know  
Cause that's the way it goes

Spinnin' around I've got this funny feelin'  
Turnin' my whole world upside-down  
I'll keep my heart, my eyes on you  
Cause you keep me spinnin' around, spinnin' around

Every now and then I feel your peacefulness surround me  
Then once again it all goes  
Up and down  
Over, under, round and around

Go,Go,Go  
Jump,Jump  
Go,Go,Go, J-5  
Spinnin' around (oh yeah, yeah)  
Upside-down (oh yeah, yeah)  
J-5 in the house (hey)  
Jump, Jump,Jump,Jump,Jump,Jump  
Turnin', turnin' me upide-down (Down)  
Spinnin', Spinnin, Spinnin' me around (Round)  
Go(jump) Go (jump) Go (jump) Go (jump)  
Spinnin'around that's the way it works  
Take it slow and not so fast(fast)  
Z is first and A is last(last)  
Up and down, all around (hey, hey)  
Turnin' my whole world upside-down

Oh yeah it's not the take it's the give  
'cause that's the way okay, that way it is

spinnin' around i've got this funny fellin'  
turnin' my whole world upside down  
i'll keep my heart and my eyes on you  
'cause you keep me spinnin' around!!!
