

Jump Little Children, Overkill

Never, never ending
Constant motion, constant sleep
Forever complicated,
Never silent, never flee

Never, never flee
Always overkill, yeah
Never, never flee
Always overkill

Open to possibilities
I will ever un-like thee
Nothing quite convincing
As a moment of peace

Never, never flee
Always overkill, yeah
Never, never flee
Always overkill

E-ver pa-tient, relaxed and floating
Falling hea-vens are lost in orbit
Passing a--ges, calling faces
Celestral bo-dies are wandering, silent

Never, never flee
Always overkill, yeah
Never, never flee
Always overkill

Nothing quite convincing
As a moment of peace
