

# Jump5, All I Can Do (Remix)

everyday is a new day  
and i don't have to pretend  
all my friends think i'm crazy  
but i don't want this to end

when i have the chance i want to say to you  
i can never take back what i put you through  
i'll never do it again  
we're like oil and water still we somehow mix  
and what used to be broken is somehow fixed  
it's hard to explain

i know some people say that opposites attract  
if that's the truth then we  
we will be together forever

it's like i got nothing to do but think about you  
i've got all the time in the world  
if you look in my heart, you'll know from the start  
that it's all i can do not to think about you

i gave you good reason, to walk out the door  
let me tell you i've learned a thing or two

and i'm so amazed at the things you do  
now don't let me go, oh no

i know some people say that opposites attract  
if that's the truth then we, we're meant to be together forever

it's like i got nothing to do but think about you  
i've got all the time in the world  
if you look in my heart, you'll know from the start  
that it's all i can do, not to think about you

i know some people say that opposites attract  
if that's the truth then we, we belong together forever

it's like i got nothing to do but think about you  
i've got all the time in the world  
if you look in my heart, you'll know from the start  
that it's all i can do not to think about you

nothing to do but think about you  
i've got all the time in the world  
if you look in my heart, you'll know from the start  
tha it's all i can do, not to think about you
