

Jump5, All I Want

Who rocks the house
We say that Jump5 rocks the house
And when Jump5 rocks the house
They rock it all the way down
How do I describe the feeling
How do I begin to show
How Your love is always changin'
Everything within my soul
You have opened up my heart
You have opened up my heart
Now Your love is rushing in

[Chorus]

All I want is You
You're all I ever need
All I want to do
Is be with You forever
Mercy flowing like a river
Love is falling like the rain
Pouring out Your grace upon me
I will never be the same
You have opened up my heart
You have opened up my heart
Now Your love is rushing in

[Chorus]
