Close ur eyes, take a breath, come and take a jump inside

You won't have to think about tomorrow

Can anything else u know remove the sorrow?

You will find it's the only way, you've been wrong before

Only now you can recieve it

Chórus:

Don't run away from love, don't run away

Just bcuz u dón't wanna give in (oh oh óhoooo)

Don't run away from love, don't run away

There's gotta be somthin' more 2 believe

Don't run away, don't run away from love

uh oh uh oh uh oh (don't run away)

uh oh uh oh, yeah

Verse 2:

You've been down, down this road like a thousand times before

Say u don't have the strength 2 change ur mind

You will find it's ur lucky day, you have lost before,

Maybe now you can believe it
