

Jump5, It's A Beautiful World

[Verse 1:]

It's about friends

It's about school

It's about changes

The ones you never thought they'd put you through

It's times like these that I got a touch of Irish in me

And we can talk honesty, but honestly

I'm OK this way, ya

[Chorus:]

Hey, ya just don't understand

Sometimes my sky's a little gray

And I know eventually I'll be feeling alright again, ya

Life's been a friend to me

And don't need to convince me

It's a beautiful world, I know

It's a beautiful world

[Verse 2:]

It's about faith

It's about heart

It's about progress

The things that try to tell the world apart

My mind has to speak

'Cause I feel what I feel much too deep

It even motivates me to do something good

And I'm OK, this way, ya

[Chorus:]

Hey, ya just don't understand

Sometimes my sky's a little gray

And I know eventually I'll be feeling alright again, ya

Life's been a friend to me

And don't need to convince me

It's a beautiful world, I know

It's a beautiful world

[Bridge:]

Sunshine, beating down on my life

Maybe that's a long time away

But I guess I'll take it day by day

You ask when I'll get my smile back

When I tell you

I can smile now

Though I know I'm down

And if you stay around it might just happen

Hey, ya just don't understand a thing

Sometimes my sky's a little gray

And I know eventually I'll be feeling alright again, ya

It's about you

It's about me

It's about trust

And all the things we feel we'll never see

I feel so much

Sometimes I'm a little out of touch

You can talk good as day

but honestly, I'm OK, this way

[Chorus:]

Hey, ya just don't understand

Sometimes my sky's a little gray

And I know eventually I'll be feeling alright again, ya ya

Life's been a friend to me

And don't need to convince me

It's a beautiful world, I know

It's a beautiful world

Hey, It's a beautiful world

Sometimes my sky's a little gray

Life's been a friend to me

And don't need to convince me
It's a beautiful world, I know
It's a beautiful world
