

# Jump5, Virtual Reality

I may never get it right  
You might find I fall away  
I can't live the perfect life  
Every hour everyday  
I may stumble, You may see  
A side you never knew of me  
I don't want to let  
You down  
But I cannot make the guarantee  
That I could love you like  
You Love me 'til the end of time  
It drives me crazy thinking why  
You want me by  
Your side  
[Chorus]  
I know that I'm not dreaming  
Is my mind playing tricks on me  
No,  
Your love won't let me believe in virtual reality  
It's beyond imagination,  
Your love changes everything  
I know in my heart this ain't no virtual reality  
I may never understand  
Lord, my mind is so amazed  
I can't really comprehend  
I'm entranced, blown away  
But what I feel inside my heart  
Isn't always what I see  
Funny how your faith can change  
Your virtual reality  
Seems too easy to believe  
You'd love me as I am  
But this reality will keep my heart here in Your  
hands  
[Chorus]
