

Junior Caldera feat. Sophie Ellis-Bextor, Can't Fight This Feeling

Standing in a crowded room
But all I see is you
Like a spotlight follows where you are

Do you know I never want to leave your side
Desire swallows up my pride
I can't say no, I want you,
So I've got to see this through

'Cos I just can't fight this feeling
We should be lovers. We should be lovers
No I just can't fight this feeling
We should be lovers. We should be lovers
Now I just can't fight this feeling
My head is spinning. I think its winning
Now I just can't fight this feeling
And it's beating me down
Falling on you took a moment
Your kiss charged my heart
Just a touch could never be enough

Do you I know I'm overboard and can't be saved?
I pray the night time makes me brave
I have to show I want you
So I've got to get to you

'Cos I just can't fight this feeling
We should be lovers. We should be lovers
No I just can't fight this feeling
We should be lovers. We should be lovers
Now I just can't fight this feeling
My head is spinning. I think its winning
Now I just can't fight this feeling
And it's beating me down

Why don't you, why don't you,
Why don't you come to me? /x2
