

Junior Senior, Dance, Chance, Romance

Hot damn!

Oh no!

Here comes the new girl in town

I told you all night how t' get the girl

I'll tell you how to make toes curl

But for once I'm gonna try not to cramp my style

You know you're really pretty, but I like that smile

And you wanted to dance

So I might take a chance

Hoping for a little romance

Singing Yeah! Yeah! Yeah!

Hallelujah! Hallelujah!

Singing Yeah! Yeah! Yeah!

I wonder what you're doing tomorrow night

Wonder if we'll ever hold each other tight

Coming to the party, standing by the gate

Did I get here early, or did I get here late?

And you wanted to dance

So I might take a chance

Hoping for a little romance

Singing Yeah! Yeah! Yeah! (Oh woah! Oh woah yeah!)

Cuz I just wanna be your boyfriend

Singing Yeah! Yeah! Yeah!

Oh mirror mirror on the wall,

Tell me who's the cutest one of them all

You're looking down, I'm looking up

Walking right past you, my heart begins to stop

And you wanted to dance

So I gave you that glance

And we ended up holding hands

Singin'

Hallelujah! Hallelujah! Alright!

Singing Yeah! Yeah! Yeah!

Oh hallelujah! Hallelujah!

Singing Yeah! Yeah! Yeah!

We had some good good times at the borderline

When you held my hand

We had some good good times with our new found love

Yeah, I think you understand

But they let me go

But they let me go

But they let me go

But they let me go

But they let me go

But they let me go

But they let me go
