

Junior Senior, Stranded On An Island Alone

I'm stranded on an island alone
And left on a thousand beats at home
Yes, I'm stranded on an island alone
With no reception on the phone
Just walking through ? on the trees
But hope is just a tease
All I got left now is time
And only coconut and lime
And I just wanna

Pick up pick up where I left x8
I just wanna go home! x2

Stranded on an island alone
But I've got a thousand friends at home
Now I'll just sit here in the sand while I fry
Watching a big bird in the sky
Take me away
Just take me away
Take me away big bird
Just take me away
And I just wanna

Pick up pick up where I left x8
I just wanna go home! Who!

I could lose it x7

Stranded!
Yes I'm stranded
Stranded!
Yes I'm stranded
Stranded!
Stranded!

Dirty! Dirty! Down in South! x3
Oh it's so dirty dirty down in the South
But we brought the cleaning crew
Oh it's so dirty dirty down in the South
But we brought the cleaning crew
Oh it's so dirty dirty down in the South
But we brought the cleaning crew!
