

# Junior Varsity, Peter Cottontail And The Demise Of

Struggling to keep my head above water  
Looking back to what i used to live with  
Talk you're losing site of me  
I'm always out to make a scene

Slow down this isn't you  
This isn't me trying to tell you  
But that's how it seems  
Talking has never come so easy  
Forget you're forgetting me  
Talk your losing site of as you should be

You say grow up i say trying  
Is this how you wanted to see me  
I can barely stand on my own 2 feet  
But i'll show up with broken bones and burnt hands  
And all is this why you wouldn't believe me
