

Juniper Lane, Hello

I say give out a better answer for me
I think there must be reasons I can't see
Am I just someone out there who is shouting
Where did I go? Where did I go wrong?

Every misstep down the path
Every moment that I missed
Every place I turned around
Has it all just led to this?

Hello hello, are you there?
Hello hello, are you there?
This needs attention

It seems I lost myself there in the fall
I will fight my way back to see it all more clearly
Surely everyone saying I am lucky--
They can't be wrong. They can't all be wrong.

All the symbols I ignored
All the signs I didn't see
All the lines that I have crossed
Is this what's become of me?

Hello hello, are you there?
Hello hello, are you there?
This needs attention.
Tell me can you see me here?
Are you going to lend a hand?
I need an intervention.

When I look at you now I see perfection
I hold out both of my hands for your inspection
If I count all the lines are there directions?
Where should I go? Where should I go now?
