

# Jurassic 5, Thin Line Feat. Nelly Furtado

Yo, this is a lesson in friendship  
The depths of a kinship  
Where women and men begin with, and then slip  
My pen drips as I scribble my thoughts  
On thin strips of emotion  
A fraction, seduction, attraction,  
Eruption of passion corrupts it  
Life lasting friendships involved  
Would love to cross the line  
But thats why we built these walls

CHORUS (Akil)

Weve been friends for a long time  
A very close friend of mine  
Love you like you was mine  
But atleast respect the thin line  
Love you like you was mine  
Think about you all the time  
Very close friend of mine  
But atleast respect the thin line

AKIL

Opposites attract  
When the female and male come in contact  
Sticky situation in fact  
Trying not to let the feelings catch  
But theres a thin line between both of yall  
So you respect that  
And entertain an idea but get brought  
Back to reality  
And could you really live with that  
Decision, based on intuition  
You love and keep it distant  
Hug and kiss the friendship

MARC 7

An ongoing friendship  
We was people to begin with  
Disrespect was not intended  
But your feelings sparked a sentence  
Sometimes youre too intense  
In your quest to invent  
The perfect man  
Please understand my rhyme is your repent

CHORUS (Akil/Nelly) X2

SOUP

Too bad that we became friends first  
And Im not an expert on how relationships work  
But, from the minute it was known  
It changed the whole tone  
The way we spoke on the phone  
Yo, it was cool but I felt it wasnt enough  
And I was stuck when your moms would pick it up  
Over you all my buddies would swoon  
But I felt we were in tune  
You let me up in your room (damn)  
But to me girl youre still off limits  
No matter all the times that I hinted  
Infatuation was authentic  
But yo I just pretended  
So I wouldnt lose the friendship  
Maybe I should spill all my guts  
Or write a letter, then tear it up  
Or do a song just to say whats up  
I want just a touch

CHORUS

NELLY

I cant do this anymore  
See my heart just falls out when you walk in the door  
Friendship turned into love  
On some weak tip  
See I cant comprehend even if I knew it  
Cant do justice with these things that Im feeling  
Youve got someone else dont want to be caught stealing  
Hell, if she knew she would never leave us alone in the room  
CHALI  
Yo, this was a lesson in friendship  
I stress in this sentence  
Should women and men be friends first  
And then slip  
My pen drips as I scribble my thoughts on thin strips of devotion  
AKIL  
Opposites attract  
And best friends make a perfect match  
If you only knew that  
Once you cross aint no turning back  
The minute you let him in it and he hit that  
Thats that  
MARC 7  
We was people to begin with  
But you was too relentless  
Jeopardizing kinship  
Respect is intended  
Resolve is my intent  
While weve got an in  
Im trying to salvage a friendship  
CHORUS
