

Jussie Smollett, Good Enough (soundtrack z serialu "Imperium")

I give you all of me but it still ain't enough to make you happy
I give you everything and still don't measure up
Feel like I walk 5000 miles and didn't even come close
Feels like I try to make you smile but you don't even care no
I'll never be big enough to pay your dues but I keep trying
You just keep making me jump through hoops
What do I got to do?

I just want you to look at me and see that I can be what you love
I just want you to look at me and see that I can be good enough, good enough, good enough see that

I try and show you that I'm strong why do I even bother
Cause it's the same oh damn song you call yourself a father
Feels like I'm reaching for the stars
But heaven isn't letting me
I wish that I had longer arms but I know that we will never be never be
I'll never be big enough to pay your dues but I keep trying You just keep making me jump through hoops
What do I got to do?

I just want you to look at me and see that I can be what you love
I just want you to look at me and see that I can be good enough, good enough, good enough see that

I'm standing right here waiting for you here I am
Looking for your acceptance do you give a damn
See it doesn't matter what you think I'm still a man
Open up your eyes can't you see that I am good enough

I just want you to look at me and see that I can be what you love
I just want you to look at me and see that I can be good enough, good enough, good enough see that
