

# Just Surrender, Something That I'm Not

i keep thinking that theres something i'm supposed to do  
i keep searching but i'll never measure for you  
i hate the way that you always have something to say  
yeah i can bend but i wont break for what you willingly give

maybe i'm not meant to be all the things you want from me  
isn't it enough just believe what we've got is enough  
maybe i'm not meant to be tired of all the dreams your dreaming  
i can slowly feel you changing me into something i'm not

i'm getting tired of you playing me like a fool  
i thought i'd land in the skies when i hated you  
i find myself coming up short every time  
if you cant see me standing here love then your blind

open your eyes

maybe i'm not meant to be all the things you want from me  
isn't it enough just believe what we've got is enough  
maybe i'm not meant to be tired of all the dreams your dreaming  
i can slowly feel you changing me into something i'm not

i feel the pressure in my life i feel you closing in on me  
i feel you closing in on me

maybe i'm not meant to be all the things you want from me  
isn't it enough just believe what we've got is enough  
maybe i'm not meant to be tired of all the dreams your dreaming  
i can slowly feel you changing me into something i'm not  
and i can slowly feel you changing me into something i'm not
