

# Just Surrender, Your Life & Mine

I can see from across the room  
There's a tear in your storied eye  
I was leaving but I'm coming back  
Since your heart's in beat with mine  
That Mark didn't do you right  
When he left in your best friend's ride  
With the face of an angel, girl  
You deserve to be treated more than right

Realized I was passing through  
From the moment I saw you  
I was hypnotized  
Couldn't wait to get you alone  
So I could walk with you  
So I could talk with you, oh

Go ahead and call your friends  
I'll do whatever it takes  
So I can make you trust  
This party's going south  
Let me know what's going on with us

Cause it's all right  
There's nothing to stop us  
If it feels right  
Then everything's fine  
For just one night  
Baby, go back to your life  
And I'll go back to mine

Last night I saw a photograph  
From the party where we chilled  
(Party where we chilled)  
It was showing the two of us  
And the Colt 45 we killed  
(Colt 45 we killed)  
Here I am just writing you  
A letter from the distance past  
(From the distance past)  
Enclosed is a photograph  
To remind you of the times we had

Cause it's all right  
There's nothing to stop us  
If it feels right  
Then everything's fine  
For just one night  
Baby, go back to your life  
And I'll go back to mine

It's all right  
(We can make it if you want to, baby)  
Come inside  
(I would love to show you the way)  
For tonight  
(And I'm not talking about forever)  
I'm just talking tonight

I can see from across the room  
There's a tear in your storied eye  
I was leaving but I'm coming back  
Since your heart's in beat with mine

That Mark didn't do you right  
When he left in your best friend's ride  
With the face of an angel, girl  
You deserve to be treated more than right

Cause it's all right  
There's nothing to stop us  
If it feels right  
Then everything's fine  
For just one night  
Baby, go back to your life  
And I'll go back to mine

Cause it's all right  
There's nothing to stop us  
If it feels right  
Then everything's fine  
For just one night  
Baby, go back to your life  
And I'll go back to mine  
(Don't you know we're going?)  
And I'll go back to mine
