

Justifide, Goodbye Without You

I still remember like it was yesterday
And we were together, but now you seem so far away
And I can't see myself without you, without you

(Chorus)

But now you're gone
And it's been so long
And I will not forget the memories of the good times
And the times we shared regret

And I saw you today, with a TV screen and those old tapes
I would never let you erase, and I can't see myself,
And I can't see myself without you, without you
I wish I had the chance to say goodbye
To hear those words come out from you, 'don't cry'
To look you once more in the eyes,
With life, right now, I want to say goodbye
'Goodbye'
