

Justifide, This Song's For You

This song's for you, to tell you all the things I can't say to your face,
Cuz you're not here, and though you're miles away,
This song remains the same, it's for you
And I can't seem to stop thinking of your smile,
And the way your eyes look in my soul, you see the real me,
I've never met another who sees me as you do, and I'm missing you tonight
And I wonder, just staring at the stars, if my wish for you comes true
And I can't sleep tonight
I wish that you were here, by my side
And you never called me twice
I wish to hear your voice one more time
One more time tonight, tonight
