

# Justified, You're My Light (Bonus Track)

Dum dum dum dum dum-dum

Do...

Do... Oooh...

You're still captivating even though it's been so long  
You used to love me tell me baby what went wrong  
'Cause now you march to the beat of a different song

Try to understand that we needed space  
But everywhere I turn I see your face  
I've been waiting for you to come home  
'Cause I don't want to be alone  
I still love you

Why did you take away your love  
When did you think to just give up  
How am I supposed to carry on now  
Without you  
You are my light

I have changed girl since I last saw you  
When you left you don't know what you put me through  
But my heart's still racing just being next to you

I can't escape the magic in your eyes  
Is there a way to make you realize  
There's no one more special to my heart  
But you want us to be apart  
I still love you

Why did you take away your love, baby  
When did you think to just give up, yea  
How am I supposed to carry on now  
Without you

You were my world  
You meant everything to me  
You're the air I breathe  
The song I sing  
You were my queen, I was your king  
But if we can try to work it out  
We'll show the world what love is about  
Baby come on cause I can't take no more  
Of this loneliness  
And emptiness

Why did you take away your love  
(Take away your love)  
When did you think to just give up  
(Oh...)  
How am I supposed to carry on now  
Without you

Why did you take away your love  
When did you think to just give up  
How am I supposed to carry on  
Without you  
You are my  
You are my light
