

# Justin Bieber, Come On Over

If my life was like a jigsaw, pieces of paste,  
come on over, put a smile upon my face,  
And if all my bad days came at once, you would  
know just what to do, come on over, baby you  
can see me through it...

And if you think I need you, come on over,  
Bring your love around, can wipe away the tears,  
Ooooh, and if you think I need you, come on over,  
Lay your body down, you know I will be here,  
Bring your love around, yeahhhh

And I cannot see in front of me, all my darkest  
days, come on over, you can take it all away,  
And when the laughter starts to fade, smilings off  
my face, come on over, bring it back with your  
embrace...

And if you think I need you, come on over,  
Bring your love around, can wipe away the tears,  
My tears, ooooh, and if you think I need you, come  
on over, lay your body down, you know I will be  
here, bring your love around...

And If you think I need you, come on over,  
Bring your love around, can wipe away the tears,  
All of my tears, oh baby, and if you think I need you,  
come on over, body down, lay your body down, you  
know I will be here, I will be here, bring your love  
around, if I need you, oohhhh, over, body down,  
Ooooh yeah, you know I will be here, I will be here
