

# Justin Bieber, Stay With Me Forever

I said: Girl what you wanna do to me?  
I can be your fantasy, tonight.

I said: Girl, what you, what you wanna do?  
It can be only me and you, tonight tonight.

People say it can't be done  
Love is in the air right now  
And you can tell I really care right now  
When I touch you like that, babe

Stay with me forever  
Lay with me forever  
As long as we're together  
We'll be fine we'll be fine  
/2x

We'll be fine you can believe me  
Girl you know that we'll be fine

I said: Girl, we can take it to the floor  
I'm gonna have you screaming more, tonight

I said: Girl, we can lay and watch a movies  
Or we can jump into the Jacuzzi, tonight and for whole day

People say it can't be done  
Love is in the air right now  
And you can tell I really care right now  
When I touch you like that, babe

Stay with me forever  
Lay with me forever  
As long as we're together  
We'll be fine we'll be fine
