

# Justin Bieber, Where Are You Now

Where are you now  
When I need you the most  
Why don't you take my hand  
I want to be close  
Help me when I am down  
Lift me up off the ground  
Teach me right from wrong  
Help me to stay strong  
Take my hand and walk with me  
I need you to set me free  
Where are you now  
When nothing is going right  
Where are you now  
I can't see the light
