

Justin Bieber, Where Are You Now

Where are you now
When I need you the most
Why don't you take my hand
I want to be close
Help me when I am down
Lift me up off the ground
Teach me right from wrong
Help me to stay strong
Take my hand and walk with me
I need you to set me free
Where are you now
When nothing is going right
Where are you now
I can't see the light
