

# Justin Hayward, Silverbird

I can understand  
The rain that falls  
Waves that crash upon the shore  
And I know that everyone  
Must have freedom today  
And baby in my dreams I see  
I see you walking away  
I can understand the moon and stars  
    (understand moon and stars)  
Wonders of this world of ours  
    (wondrous world of ours)  
And I see the fire of life  
Burning brighter each day  
And baby in my dreams I see  
I see you walking away  
    (walking away)  
So far away  
    (so far away)  
I see you walking away  
    (walking away)  
So fly, my silverbird  
    (fly silverbird)  
You know that I  
Am waiting for you  
And everywhere you go  
I'm with you still  
    (fly silverbird)  
I know you will  
Return someday  
And through the rain and the snow  
    (and the snow)  
When there's nowhere left to go  
I hope you'll stay  
Oh darling, now I understand  
And I'm home to stay  
When I close my eyes, I see you there  
    (close my eyes, see you there)  
In everyone and everywhere  
    (everyone, everywhere)  
And I feel the power of love  
Like an ocean today  
And baby in my dreams I see  
I see you walking away  
    (walking away)  
So far away  
    (so far away)  
I see you walking away  
    (walking away)  
So fly, my silverbird  
    (fly silverbird)  
You know that I  
Am waiting for you  
And everywhere you go  
I'm with you still  
    (fly  
silverbird)  
I know you will  
Return someday  
And through the rain and the snow  
    (and the snow)  
When there's nowhere left to go  
I hope you'll stay  
Oh darling, now I understand  
And I'm home to stay  
So fly, my silverbird  
    (fly silverbird)

You know that I  
Am waiting for you  
And everywhere you go  
I'm with you still  
    (fly silverbird)  
I know you will  
Return someday  
And through the rain and the snow  
    (and the snow)  
When there's nowhere left to go  
I hope you'll stay  
Oh darling, now I understand  
And I'm home to stay  
And through the rain and the snow  
    (and the snow)  
When there's nowhere left to go  
I hope you'll stay  
Oh darling, now I understand  
And I'm home to stay  
(oh, oh, oh my silverbird, come on home to stay)
