

# Justin Kawika Young, Precious Words

Some say it too often, just empty words.  
Lose their meaning, when they always hurt.  
So when I speak of my love, I'll make sure my heart's behind every word.  
So understand just how much it means as these feelings are heard in these

CHORUS:  
Precious words,  
Sincere and true.  
Spoken sweetly,  
Say 'I Love You.'

Some just forget and others who still (others who still)  
Are too scared to show how they really feel.  
I don't wanna wait too long and find my chance has passed,  
So pure and genuine my feelings are here expressed in these

CHORUS

INSTRUMENTAL

Look in my eyes (look in my eyes)  
I told no lies (I told no lies).  
Please realize that my love is genuine

CHORUS (TO FADE)
