

# Justin Nozuka, Save Him

yeahhh

She loves him more he loves her more  
Seems like they aint never let each other go  
Laughin and kissin it's a match made in heaven  
Behind the rings on their fingers imprints the ink deep in the inner  
That has stained their souls' together now  
Stained 'soul mates' forever now  
Seems like they've made it to the other side  
Where the grass is greener and the sky is always blue  
And it goes on forever and forever but there is only room for two  
Deep at night I'm awakened from my dreams  
Next door yelling cries mercy she is begging please  
'Don't end my life your all I need and darlin I will never leave never leave'  
And then she prayed on her knees  
She said

(Chorus)

'Save him, save him from the hand that he beats me on'(4x)

Dark clouds cover her paradise  
She covers her eyes and hides  
Behind enemy lines  
And she walks through the night with her child in her arms  
She's thrown back hostages  
You see twenty years ago  
When she was just ten years old  
Lost in imagination  
She was left alone  
And Pops had nothing to let his anger on  
Oh he beat her cold, yes he did  
He beat her cold  
She used to pray on her knees  
She said

(Chorus)

Deep at night I'm awakened from my dreams  
Next door  
Yellin cries mercy she's beggin please beggin please beggin please  
- 'get up get up'  
He brings her to her feet and smacks her down till she falls to the ground  
Oh and over and over again  
He brings her to her feet till she can no longer stand  
Oh and still the beating never ends  
Oh on and on and on it goes  
Until he brings out a gun  
And says to her  
'Stop crying and bring me my son'

She cries harder and harder  
He cries harder and harder  
She says  
'Baby please don't don't do this'  
Oh two shots to her chest  
And a blow to his own head  
She quickly loses breath  
And blood rushes to their bed  
And baby cries he cries his eyes out

yeahhhhhhhh

(Chorus)

She loves him more he loves her more  
Seems like they ain't never let each other go  
Laughin and kissin  
It's a match made in heaven
