

# Justin Timberlake, (And She Sais) Take Me Now

Uh...  
Uh...  
Uh...  
Wut chew waiting for?  
I know you're watching me  
Hey boy, come on and take me now  
Wut chew waiting for?  
I know you're watching me  
Hey boy, come on and take me now  
Can I talk to you for a minute?  
You've been looking all night for your shining star  
Well baby here I am, so why you waitin'?  
Step on over, let me show you how bad you are  
Just let me take the lead  
All you gotta' do is let your mind be free  
Lets hit the floor and cause a scene  
Get real wet if you know what I mean  
Wut chew say baby?  
(And she said)  
Take me now  
I'm hungry for your lovin'  
(And she said)  
Show me how  
You got me workin', honey  
(And she said)  
Right now  
I'm hot just like an oven  
(And she said)  
So take me now  
Boy you make me feel like I gotta' dance  
I gotta' dance, gotta' dance baby, gotta' dance...  
I feel good to you, you try to hide it  
But I can tell by the way you push up close to me  
Your body temperature, is a-risin'  
Something's going down as far as I can see  
Just let me take the lead  
All you gotta' do is let your mind be free  
Lets hit the floor and cause a scene  
Get real wet if you know what I mean  
Wut chew say baby?  
(And she said)  
Take me now  
I'm hungry for your lovin'  
(And she said)  
Show me how  
You got me workin', honey  
(And she said)  
Right now  
I'm hot just like an oven  
(And she said)  
So take me now  
Boy you make me feel like I gotta' dance  
You know  
Don't I  
Say don't I make you feel like you gotta' dance  
Once I get to know ya'  
(No)  
I'm gonna show ya'  
(No)  
That there's no better way  
(Yea)  
Lets dance the night away  
(Yea)  
I wanna control ya'

(No)  
Just wanna hold ya'  
(No)  
Dance the night away  
So what you say baby, what you say?  
(What you saying to me)  
(And she said)  
Take me now
