

Justin Timberlake, Play

Let's go

I've been makin' first impressions
Since I was barely eleven
Stick around, you'll get a lesson

We could be sippin' all day
Pass that bougie rosé
Make that good shit gourmet
Gourmet, all day
Baby, it's time to play

This train has just left the station
Time for a fuckin' vacation
It's a whole uh, situation
I just wanna be

Sippin' all day
Pass that bougie rosé
On that good shit, always
All day
Mm

I just wanna play
I just wanna play
Play
Won't you come out and play?
'Cause I just wanna play
Play
I just wanna

Give you one hell of an evening
I'm burnin' up, you're the reason
You got this cool, don't you keep it
Just swing that good shit my way

All day
And we could be sippin' that, sippin' that bougie rosé
All day
Mm

I just wanna play
I just wanna play
Play
Won't you come out and play?
'Cause I just wanna play
Play
Uh

Your hips, the way they whip
I just gotta flex my grip and hold on
Hold on
Wait, hold up
Your lips, the way they fit
Got me wanting more than a kiss, so put me on
Yeah, I just, I just
I just wanna

Play
I just wanna play
Play
Won't you come out and play?
'Cause I just wanna play
Play

Yeah, I just wanna
Play

Now, I'ma give you something to play with, uh
Uh
Go on and play with it
Uh
Go on and play with it
Yeah, I just, I just, I just wanna
Play
