

Justin Timberlake, Take Away Your Love (Why, V

You're still captivating even though it's been so long
You used to love me tell me baby what went wrong
'Cause now you march to the beat of a different song

Try to understand that we needed space
But everywhere I turn I see your face
I've been waiting for you to come home
'Cause I don't want to be alone
I still love you

Why did you take away your love
When did you think to just give up
How am I supposed to carry on now
Without you
You are my light

I have changed girl since I last saw you
When you left you don't know what you put me through
But my heart's still racing just being next to you

I can't escape the magic in your eyes
Is there a way to make you realize
There's no one more special to my heart
But you want us to be apart
I still love you

Why did you take away your love, baby
When did you think to just give up, yea

How am I supposed to carry on now
Without you

You were my world
You meant everything to me
You're the air I breathe
The song I sing
You were my queen, I was your king
But if we can try to work it
We'll show the world what love is about
Baby come on cause I can't take no more
Of this loneliness
And emptiness

Why did you take away your love
(Take away your love)
When did you think to just give up
(Oh...)
How am I supposed to carry on now
Without you

Why did you take away your love
When did you think to just give up
How am I supposed to carry on
Without you
You are my
You are my light
