

# Justincase, Tell Me (What I Mean To You)

Snow is falling across the streetlights  
It's nothing I can change  
Summer left me and I wish you hadn't  
Before you took the chance to say  
All the things you didn't say

I know the stars won't fade  
But they just don't shine  
Since you went away

[Chorus:]  
Tell me, am I a fool?  
Thinking that you  
Needed me there  
Maybe I'm wrong  
I don't belong  
Acting as if I knew  
What I mean to you

Watching sunrise, coffee at noon  
All the things that I miss now like I miss you  
And I wonder what you're thinking  
And I wonder what you're doing now  
I wonder if the same things that got me down  
Are getting you down

Who knows maybe I'm to blame for hanging all my faith  
On yesterday

[Chorus]  
What do I mean to you?
