

Justyna Janik Jj, Run After Me

Smile clear as a sky
Free & Uncluttered mind
Smooth, Tender Skin
The Glaring sun is shining
You are the sunshine
Who's bringing me this kind of smile
You are this one guy
I was looking for

I know that happiness between us
Can last but we need just more trust
Our different worlds can be as a one
So make a promise
That you will
Run, run, run After Me
and I will
Run, run, run After you

I found the man of my life
I hope that god gives us chance to survive
I found the man of my life
I found the man of my life
I will always love you
Remember, if you will
Run, run, run After Me
and I will
Run, run, run After you
