Play with me if you want but Cash Money going broke
Even if it means creepin up slow
Busting out shots out my black Volvo

I don't want nobody going to tell my mama when somebody done me
She ain't bring me in the world for that
She ain't raise no ho's
She could have had a girl for that
I been realized, I'm all in
Surrounded by the camoufalge, in ballin
Make a nigga recognize, I'm starvin
