

# K-391 & Alan Walker, Ignite (feat. Julie Bergan &

fireflies  
a million little pieces  
feeds the dying light  
and breathes me back to life

in your eyes  
I see something to believe in  
your hands are like a flame  
in brings the sweetest pain

let the darkness lead us into light  
let our dreams get lost  
feel the temperature rise  
baby tell me one more time beautiful lie  
one touch and ignite

like a starship speeding into the night  
you and I get lost in the infinite light  
baby tell my one more beautiful lie  
one touch and ignite  
one touch and ignite  
one touch and ignite

so alive  
you touch is like the daylight  
burning on my skin  
it turns me one again

you and i  
survivors o the same kind  
ad we're the only ones  
dancing on the sun

let the darkness lead us into light  
let our dreams get lost  
feel the temperature rise  
baby tell me one more time beautiful lie  
one touch and ignite

like a starship speeding into the night  
you and I get lost in the infinite light  
baby tell my one more beautiful lie  
one touch and ignite  
one touch and ignite  
one touch and ignite

diamonds are forever  
but all we need is just tonight  
we're monumental tremors that can freeze the speed of life  
just like particles that's falling from heaven all over the stars  
here you calling for me  
here you calling for me afar

let the darkness lead us into light  
let our dreams get lost  
feel the temperature rise  
baby tell me one more time beautiful lie  
one touch and ignite

like a starship speeding into the night  
you and I get lost in the infinite light  
baby tell my one more beautiful lie  
one touch and ignite  
one touch and ignite

one touch and ignite
