

# K, Cacophony

I'm the pronoun of the nonsense  
Yes, as yes you say. therefore it's all right.  
However, when it is considerate,  
A discord doesn't stop ringing.  
I'm up to my ass in trouble because of you.  
I'm the pronoun of the buffoonery.  
Whatever you say. even one thinks so.  
However, patience is a limit  
If it looks, down on it there, too.  
There is no vacant seat with a discord on the head now.  
Squeal scream! shriek scream!  
Freaky squeal!... stab me up!  
See no evil, hear no evil, speak no evil.  
Evilminded. you're telling me...but!  
Who in hell do you think you are?  
I'm mad, mad! get out my face.  
What the hell do you mean?  
I'm telling you for the last time.  
As for me, devote yourself in the days {the nonsense}.  
Because things don't go according to reason.  
However it does like this,  
-and it's thanks to you that it can  
-wander in the present as well  
{the inside of the whirlpool of chaos}
