We gonna do something different yall on this song because/Me and my mama was watching the news the other day and we saw/a lot of things/That's going on in the world and Mama just happen to come up/with some lyrics to a song/She said "I want yall to sing this song for me on this CD cause yall never sang a song for me before" and ah this was written by Mama and this is what mama told me to tell yall. She said/we all need that kind of love that special love, the love from above Look into the mirror of life and tell me what you see/ I see people all over the world who needs to know the meaning of love/Let me tell you what love is all about/If you see a man down, don't step on him/Reach down and pick him up, pick him up giving him a helping hand/because we all need, yes we do/We all need that kind of love that special love, the love from above/Oh see that mother over there struggling to survive She has about five little children, no food or clothes to put on their backs/And what you should do if you see somebody I

like that You should go up to them, lend them a helping hand/Or put a roof over their head/Cause the world is in need of love like that,yes we are/We all need, we all need, we all need/We all need that kind of love that special love, the love from above/We all need that kind of love that special love, the love from above/K-Ci help me, K-Ci help me tell 'em where we need love/USA, Africa, Bosnia, Ethiopia, Korea and China and even Iraq too even in Haiti/That's what we all need/We all need that kind of love that special love, the love from above/We all need that kind of love that special love, the love from above
