

# k.d. lang, Angel With A Lariat

(K.D. Lang)

Angel, angel from the sky  
Came right down to sit beside  
This lonely achin' heart of mine  
That now, folks, feels sublime  
Now I'm a walkin', talkin'  
And a spinnin'  
I can't keep my face from grinnin'  
Things are roarin', soarin'  
Oh what a feelin'  
And to think it's just beginnin'

Angel with a lariat  
Carry me home sweet chariot  
With you

Angel toss your rope around  
Yank me up from the ground  
Sound the trumpets, send a hue  
Ascending angels through the blue

I feel emancipation  
No, I don't worry  
Set my bugaboos down to worry  
There's no aggravation  
There's no worry  
For I have found a true love surely

Yeah  
With you  
Angel!
