

k.d. lang, Didn't I

(K.D. Lang/Ben Mink)

When I spoke to you
I spit it out with honest tongue now
Didn't I
And all I got from you
Was this thread of hope that I hung to
Didn't I
For all the times I could let go
I dangled there to let you know now
Didn't I
Then I spoke to you
And you took away what I clung to
Oh didn't I
Love you baby
Baby
Oh didn't I
Love you baby
How long till I panic
How long do I wait
