

k.d. lang, Smoke Dreams

(John Klenner/Lloyd Shaffer/Ted Steele)

Smoke dreams
From smoke rings
While a cigarette burns
I keep yearning for you

Through smoke dreams
From smoke rings
That old feeling returns
Can't believe that we are through

I try to pretend our love has ended

But my heart tells me no
The dreams I resist won't be dismissed

Though I try to forget with each cigarette

Still smoke rings
Bring smoke dreams
And although you are gone
Our love story goes on

I try to pretend our love has ended

But my heart tells me no
The dreams I resist won't be dismissed

Though I try to forget with each cigarette

Still smoke rings
Bring smoke dreams
And although you are gone
Our love story goes on
