

# k.d. lang, Tune Into My Wave

(Ben Mink)

Well, if you wanna keep me movin'  
Then take my heart  
I got a one way ticket  
Don't you know  
If you're too gone to rock  
To get to where you're goin'  
Start into my station  
Baby, look what...  
Wake up, take it up  
In your hands  
And switch it over to my band  
I got somethin'...  
Anythin' you need  
So dial k.d.Lang  
On your trucker's CB

Hey now, baby  
Turn off the news  
You're drivin' me crazy  
Hey now, baby, please

Tune into my wave  
Tune into my wave

Hey, Listen to me, baby listen to me  
Got a rock my baby boogie  
And an alligator shoe  
I got one foot, two foot  
Sugarfoot rags  
Turn on to my station  
Baby, don't be a drag  
Listen to me, baby  
It's understood  
I got while...  
In cowboy boots groovin' to my daddy  
On my daddy radio  
Can you dig it like I dig it  
Can you dig it at all

Well, you got everything you need  
Don't touch that dial  
Stakin', I'm not fakin'  
Till you dig it a while  
I know I'm right  
I just can't be wrong  
Need a little help  
To make you come undone  
So relax  
Loosen your noose  
Tune in or tune out  
To get into the groove  
Can you dig it like I dig it  
Can you dig it with me  
When the rockabilly move it  
You might break up the scene
