

K-Jah, Love is givin' freedom (feat. Jahlove)

I need to be free like a bird in the sky
I see mental slavery, can you tell why?
we all have believed in limitations
can we believe in creation? of freedom
wich can not bound wich can not make slaves
Can you believe, can you create?
you are i n doubt , but whiseman say:
when freedom is true, no one is hurt

Love is a givin' freedom
freedom is love
Love is a givin' freedom
freedom is love

you can't have no one, you can't possess
time always will tell: it won't end with success
sometimes its a part of the process
to learn less means more, and more means less
Sometimes you meet people you love
only to learn to let them go
you could be sad from head to toe
But the prophet said: this is great love

those who you love, one day will know
one day we'll all feel it, true love will grow

Love is a givin' freedom
freedom is love
Love is a givin' freedom
freedom is love
