

# K-OS, Commandante

[K-OS]

This is an ambush  
Yo, check it

[Verse 1]

Lookin' at my watch it's about that time to ascend with this art of Zen  
Another rhyme manifested in the physical miracle emcee-in'  
Leading to a revolution  
Solution is seeing the mind as it rotates  
Make no debate, when I regulate, all the gens will terminate  
'Cause we cut and slice irrelevance to the bone  
And decapitate rappers that idolize Al Capone or Jimmy Hoffa  
Not a hip-hop poppa, just a vigilante with the mic that I shot ya  
Chopped up, beat 'em and we proceeded to rock the bells  
Movin' quite well, so we got 'em hopped up  
Trained, raw, like Big Daddy Kane  
Plus I'm born on the same day as Kurt Cobain  
Rap +Nirvana+, call me the beat piranha  
Without the drama, yeah

[Hook]

Don't get this wrong  
This revolution song  
Hoping the wind can blow your way for once  
A man is truly dead when confident  
That's why we're all still waiting here so long

[Verse 2]

Astrologically, I'm the water and the fish  
Made a wish, now i'm stone-cold lyrical catalyst  
I don't eat fish, chicken or hamburger  
But I eat 40 emcees on a hot plate  
God's great  
Magnificent and munificent  
This is militant, in particular significant  
To the people, masses, lower classes  
Making the hardest of hard keloidal and flaccid  
Contaminants with backstage laminate sheet unoriginal thoughts  
That's why we stay adamant  
Which we perceive to alter the mind-state  
Making time wait, holding us up for hostage  
I lost it somewhere back in '96  
When it's safe I'll play the game, I'm back in the mix  
With a brand-new bag of magic and pixie dust  
Love hip-hop, pray it never turns into lust (take it out)

[Hook]

Don't get this wrong  
This revolution song  
Hoping the wind can blow your way for once  
A man is truly dead when confident  
That's why we're all still waiting here so long

Hey! Hey! Hey!

Aiiiiieeeee!

[Hook]

Don't get this wrong  
This revolution song  
Hoping the wind can blow your way for once  
A man is truly dead when confident  
That's why we're all still waiting here so long

Commandante, come back home  
Commandante, come back home  
Commandante, come back home  
That's why we're all still waiting here so long
