

# K's Choice, Always Everywhere

You turn off the light, you kiss me good night  
Mother, I know that I'm gonna be alright

And I just can't wait to grow up  
Find my own life, be a good wife  
And a smart one, I'm sure

I never took us for granted and I always knew  
You and I are special  
But I never knew how much I'd miss you

So much has changed and been rearranged  
And I see that I've lost  
What made me so young and incredibly strong  
And never ever wrong  
You were always there  
'Cos you're always everywhere

I used to cry for no reason  
And that's still the same  
Except that I had adolescence to blame  
But not now

Now I feel sad 'cos I don't know what's true  
And I miss thinking I could be just like you

So much has changed and been rearranged  
And I see that I've lost  
What made me so young and incredibly strong  
And never ever wrong  
So much has changed and been rearranged  
And I see that I've lost  
What made me so sure that I could endure  
How hard it is to lose and lose and lose and live again  
And never understand

You are always everywhere  
You are always everywhere  
You're always there  
You're always there  
You're always everywhere  
You're always there  
Cause you're always everywhere

You turn off the light, and kiss me goodnight  
And mother, I know that I'm gonna be alright
