

K-young, Please Me

I, I, I've been missing you all week
My, my moon is so complete
I, I, I've been missing you all week
My, my moon is so complete
I got a light on a my mind
I got to get where I'm supposed to be
I think I'm running out of time
My baby, girls ain't for me
She said
Don't you worry about a thing
tonight
I'm (gon) a ease your pain
tonight
Once she gives her head on me
I know I'll be feeling alright
So I am on my way
Girl what you've got
What I want
And I can't wait
So I am on my way
Tell
Girl you've got
What I need
And I've seen your face
You know what's up
Baby, I am on my way
I've been missing you all week
I know, you know
how to please me
is so unique
you know what to do
to please me
Tonight I hit the door
Hot girl's already in the mood,
yeah,
she doesn't have to say a word
She just stands there in the door
She said, baby, am I hurt you
Tonight, just relax,
let me work you
tonight
The way she put her thing on me
I was so ready to take flight
And I wasn't ready
You have got
No, I wasn't ready to porn
And I can't wait,
can't wait
So I'm on my way
I am on my way
You have got
what I need
Girl you've got..
And I've seen your face
what I need
Baby, I'm on my way ?
My moon is so complete
I know, you know
how to please me
you know what to do
to please me
You're my undercover lover
nobody knows what we do
we got to keep this sound ?

because if they knew about us
it would probably crowd around us
with our business in the streets
Let`s keep this bit between you and me
you know, she got class,, a big oh-ass
I loose my mind, everytime she walks pass
My voice talks stress
May be saying
Behind closed doors
Did you know, I produced this crap
I get major respect from American asses
I go to california
and I make my way back
It`s a bossmo world
It`s the bosses here
I`m taking over here
It`s the bosses
My name is Mike Jones
from Paris to Rom, but Hamburg is phony
I`ve been missing you all week
I know, you know
how to please me
is so unique
you know what to do
to please me
I, I , I`ve been missing you all week
All week Baby
My, my moon is so complete
I, I , I`ve been missing you all week
My, my moon is so complete
